

1. Print onto paper or card
2. Use a craft knife or scissors to cut along blue lines (don't forget the slits!)
3. Join by rolling into a cone shape and sliding the tabs into the slits. It's easier to start joining at the top (if you can't be bothered, just staple them!)
4. Staple on a length of hat elastic to make a chin strap... and you're ready to PARTY!
